SUBJECT: GENERAL - Operational/CALL

SPECIFIC - Hans Bischof, former Goettingen Police Employee

The following information was obtained from [] by []
on 5 December 1955:

1. Recently, a report circulating within the Goettingen Kriminal-polizei office indicated that former Generalmajor Ernst Otto Remer was suspected of working with the East. According to this report, Remer would emerge as a political figure after the resignation of Chancellor Adenauer, and Remer's political activities would be supported by the East.
2. Hans Bischof of Goettingen, Stegshulweg 51, a Kriminalangestellter with the Goettingen Kriminalpolizei, repeated the above report to Ernst Erich Rehse of Goettingen, Koenigsallee 221B. The latter doubted that Remer actually had contacts with the East, and suggested that this report was perhaps being circulated to provide a basis for the arrest of Remer. Rehse recommended that Remer be advised of the existence of this report.
3. Rehse and Bischof contacted Hans Ludwig Meise of Herberg/Hars, District Council Chairman and member of the Deutsche Reichspartei. Meise, who is employed at the Hobald factory in Herberg, was believed to be a close associate of Remer's. However, after Rehse and Bischof informed Meise of the report on Remer, Meise reported the incident to the Goettingen District Attorney's office. As a result of this situation, Rehse was interrogated by Goettingen authorities and Bischof was taken into custody for a few days. After Bischof was released from custody, he was also dismissed from his position with the Goettingen Kriminalpolizei.
4. It is not known what, if any, measures have been taken against Remer, or if he has been warned of the police report.
5. COS files contain no identifiable traces on Hans Bischof or Ernst Erich Rehse. The following information is available on Hans Ludwig Meise:
